

In these very troubling economic times, many of us are watching our wallets carefully; making sure that every cent stretches a bit farther than ever before. Let's remember that for all the misfortune we may face in our own lives; countless people (in our own communities and around the world) wish they were as fortunate.

It takes dollars to make change and the Franciscans need your help.

**There's an easy way of helping and it's called the "Five for Francis."**

Your standing order of \$5 per month or \$60 per year can help renew the face of the earth. Want to do more? Challenge your family and friends to make donations and join us in advancing Franciscans International's causes of *promoting peace, defending the poor and ensuring the integrity of our environment.*

So c'mon give us "Five for Francis" online today!

For more information on the "Five for Francis" Campaign, please visit our website at:

[www.franciscansinternational.org/fiveforfrancis](http://www.franciscansinternational.org/fiveforfrancis).

"Start by doing what's necessary, then do what's possible and suddenly you are doing the impossible."

—St. Francis of Assisi
